Benchmarking Application (Butterfly) Installation Instructions

 Real-View Video Installation Demonstration

1. Go to our website, mvib.net.
2. Click on **Download BA** from the menu bar.
3. Click on **Download Version 22.0.0**
4. Once the download has completed, click **BA_Install_22.exe** from the downloads section of your browser.
5. Follow the installation instructions leaving all defaults.
6. Click **Finish**
7. Click to open the Butterfly Icon on your desktop to start the application.
8. Enter your 4-digit Multi-View ID number and 9-digit Password.
9. Click **Get Data** (at bottom right)

There will be a short wait while it counts down and retrieves your data.

For I.T. or testing purposes, you can leave the default DEMO ID and Password then click Get Data for demonstration data. This will make sure the BA is able to communicate with the server and retrieve the data it needs for when the user has their ID and Password.
